

# FREEPORT-MCMORAN FOUNDATION CENTER FOR **LEADERSHIP IN LEARNING**

## **FREE EDUCATOR MEMBERSHIP** GRADES PREK-12

As a thank you to our Arizona educators, Arizona Science Center is proud to offer FREE Educator Memberships, courtesy of APS. To activate your Membership, call 602.716.2070 or bring your school ID to the Science Center's Membership Zone.

## **PROFESSIONAL DEVELOPMENT** GRADES PREK-12

Engage in hands-on, standards-aligned, research-based best practices that strengthen educator and administrator methods and build educator skills to address students' learning needs.

## **MENTORING AND COACHING** GRADES PREK-8

Through our mentoring and coaching support, we help educators through the planning, reflecting and problem-solving aspects of STEM education.

## **EDUCATE TO INNOVATE CONFERENCE** GRADES PREK-12

Arizona educators and preservice educators spend the day earning professional development hours by engaging with innovative content, networking with colleagues and exploring ways to engage young learners in STEM lessons!

## **ARE YOU AN EDUCATOR AT A TITLE I SCHOOL?**

## **SCIENCE TEACHER RESIDENCY (STaR) PROGRAM** GRADES 3-8

STaR is an innovative, hands-on program that is led by expert facilitators and content specialists focused on addressing common misconceptions about STEM subjects often taught in the classroom.

## **FOCUSED FIELD TRIP ORIENTATION** GRADES PREK-8

Completion of this free, online professional development program qualifies educators and their students for free general admission to Arizona Science Center!

## **RURAL COMMUNITIES EXPANSION PROJECT** GRADES PREK-12

Arizona Science Center Team Members can travel anywhere in the state to deliver tailored professional development programs for educators, training for administrators, and student programs featuring hands-on STEM programming.
