

# **Más Tortillas, Por Favor: A Multi-Cultural Experience**

## **OUTREACH PRE-VISIT PAGE** (Preschool Ages 3-5) 1 hour

The Arizona Science Center will be arriving no later than 15 minutes before the start of your program(s). **Más Tortillas, Por Favor** is intended to be a hands-on, developmentally appropriate, engaging program that:

- Enriches children's vocabulary with Spanish and English cooking terms
- Incorporates mathematics concepts like measuring accurately using authentic kitchen tools
- Teaches the science behind heat and its effects on dough

### **PROGRAM NEEDS**

- Two adult helpers
- **The Arizona Science Center's instructor is a guest in your classroom. Instructors/helpers MUST remain in room for the duration of program for liability reasons. We cannot be responsible for your students.**
- Limited to 30 participants
- One preparation table set off to the side of the room
- Table/desk workspace for students
- Floor space for literacy engagement activity
- Access to an electric wall outlet and a running water source
- If multiple programs are scheduled at your location, it is ideal that the instructor set up in one room and participants be brought in; otherwise allow 15 minutes between programs

### **Before the Program (Preparation)**

- Introduce your class to Spanish vocabulary by implementing it in everyday conversations. If any students are bilingual, you can ask them to help teach the class some new words. Translations can also be found through a variety of online sources including Google® Translation.
- Practice using measuring cups and spoons in areas like Dramatic Play, Sensory Table, or Math Center.

**Extended Learning Opportunity ideas will be offered at the end of the program.**
