

Please Don't Stop the Music

OUTREACH PRE-VISIT PAGE (Pre-K Ages 3-5) 1 hour

The Arizona Science Center will be arriving no later than 15 minutes before the start of your program(s). **Please Don't Stop the Music** is intended to be a hands-on introductory program that covers:

- Healthy social-emotional growth
- Expression of emotions using new vocabulary
- Hands-on experimentation with instruments and their sounds
- Gross motor activities to support active participation and fitness

PROGRAM NEEDS

- Two adult helpers
- **The Arizona Science Center's instructor is a guest in your classroom. Instructors/helpers MUST remain in room for the duration of program for liability reasons. We cannot be responsible for your students.**
- Limited to 30 participants
- One preparation table at the front of the room
- Table/desk workspace for students
- Ample space for gross motor activities
- If multiple programs are scheduled at your location, it is ideal that the instructor set up in one room and participants be brought in; otherwise allow 15 minutes between programs

Before the Program Day (In Preparation)

- Help children label their emotions using a variety of words
- Introduce pictures of children expressing an emotion and ask, "how do you think this child is feeling? Why?"
- Add instruments to the dramatic play area

Extended Learning Opportunity ideas will be provided at the end of the program.

Arizona Early Learning Standards

Science S1C1-C4: Learns about music through a Scientific Process

Language and Literacy S1C1-C2: Engages in a literacy activity

Social-Emotional S1C2, S4C1-C3: Supports healthy social-emotional understanding

Physical Development S2C1: Gross and fine motor development
