

## **Free Focused Field Trip Program**

*This program replaces the Free School Admissions Program,  
which was discontinued in May 2003*

Eligible schools must be:

- **A public school in the state of Arizona,**
- **With at least 50 percent of students participating in the federal free school lunch program,**
- **Serving students in the range of grades K-8<sup>th</sup>,**
- **Having at least one teacher per 200 students visiting the Center attend a *Making the Most of Your field Trip* pre-visit professional development workshop.**

There are a limited number of Free Focused Field Trips available. Places are allocated on a first-come first-served basis and are restricted to a maximum of 500 teachers, chaperones, and students per school year.

All teachers wishing to apply for a Free Focused Field Trip must first call the Arizona Science Center's reservations department (602-716-2028) to discuss eligibility and availability.

Effective: July 2003
