# Global Climate Change

Our planet is in the midst of significant global climate change that has great potential for affecting the way we live. Arizona Science Center and the University of Arizona are pleased to present a series of seven free lectures at Arizona Science Center's Irene P. Flinn Theater. All lectures are free to the general public. Visit [azscience.org](http://azscience.org) for more information.

## **Kick Off Event**

Panel discussion. Q & A.  
October 10, 2007, 5:30–6:30 p.m.  
Visit [azscience.org](http://azscience.org)

## **The Evidence**

Malcolm Hughes  
October 24, 2007, 7 p.m.

## **The Role of Living Things**

Travis Huxman  
November 14, 2007, 7 p.m.
