

Home School Science Fair

March 24, 2012

10 am to 2pm

Pick a topic, do the research, make your plans, and carry out the project and prepare a display. Then, join us for our **non-competitive** fair. We want to show off your work and give you the opportunity to share it with visitors of Arizona Science Center. Each participant will receive a certificate of participation.

This will be a great learning experience for all of the participants.

Here are a few details for you take note of.

- You will be provided half of a six foot table for your display.
- If electricity is needed, do let us know.
- You need to be at your table and set up no later than 9:45 on the morning of March 24.
- Please make every effort not to have extra folks with you as it can get very crowded and confusing in the project area.
- One parent and child per exhibit will be allowed in free, all others must be members or pay the regular admission fee.
- Bring water with you. Snacks may also be brought.
- You can leave your projects for brief periods of time if necessary.
- Be prepared to tell visitors all about your project and what you learned in doing it.
- When the display time is over, please make sure you remove everything pertaining to your project and clean up your area of any trash, bottles, etc.
- Should something come up and you are unable to attend; please let me know as soon as possible so that we are not left with an empty spot in the display area.
- Relax and get ready to enjoy this event.

Please fill out the registration form on the following page and submit it by March 10, 2012

Arizona Science Center Home School Science Fair

Registration Form 2012

Student's name: _____ Age: _____

Parent's name: _____

Address: _____

City: _____, AZ Zip Code _____

Phone no: _____ e-mail: _____

Project title: _____

Brief description of your project: _____

1. Do you need electricity for your project? ___no ___yes
2. Do you need any sort of heat as part of your project? ___no ___yes
