

In-Person Camps at Arizona Science Center

CALLING ALL FUTURE SCIENTISTS

Grades 1-6

[June 15-19, 2020](#) | [July 13-17, 2020](#) | 9 a.m.-4 p.m.

What does a scientist do all day? A chemist works in a lab, but what about a helicopter engineer, a miner, or someone in cybersecurity? Strap on your goggles and put on your lab coat as we try out different STEM jobs and follow in the footsteps of science experts.

Fees: \$260 Members | \$295 Non-members

SURVIVING IN SPACE

Grades 1-6

[June 22-26, 2020](#) | [July 20-24, 2020](#) | 9 a.m.- 4 p.m

Can we build a livable outpost on the Moon? NASA's Artemis program thinks we can! Understand the physical and mental challenges involved in training to be a space explorer. Investigate life on the Space Lab and discover why it's difficult to eat, sleep and use the toilet in zero gravity. Through hands-on activities, explore solutions to the problems of living on the moon and surviving in space.

Fees: \$260 Members | \$295 Non-members

SECRET AGENT CAMP

Grades 1-6

[July 6-10, 2020](#) | 9 a.m.-4 p.m

Learn how spies use science to send secret messages, stay sneaky, and solve problems. Discover the tools and tricks that go into being a secret agent!

Fees: \$260 Members | \$295 Non-members

AMUSEMENT PARK CAMP

Grades 1-6

[July 27-31, 2020](#) | 9 a.m.-4 p.m

Design a rollercoaster and become an amusement park engineer. Campers examine the physics of carnival rides and create your own game for the Midway - it's science for the carnival crowd.

Fees: \$260 Members | \$295 Non-members

NEW

Virtual Camps

SECRET AGENT CAMP

Grades 2-6

[June 1-5, 2020](#) | [July 6-10, 2020](#)

Zoom classes available at one of the following times: 9-10:30 a.m. | 11 a.m.-12:30 p.m. | 1-2:30 p.m.

Learn how spies use science to send secret messages, stay sneaky, and solve problems. Discover the tools and tricks that go into being a secret agent!

\$100 Members | \$125 Non-members

CLAYMATION IN SPACE

Grades 7-9

[June 1-5, 2020](#) | [June 8-12, 2020](#) | 1:00 p.m. -2:30 p.m.

Using the animation technique made popular by such films as Coraline and The Boxtrolls, imagine a claymation storyline set in space. Create a storyboard and script, sculpt clay figurines, build scenery, and design special effects while filming a short stop-motion animated movie.

\$100 Members | \$125 Non-members

AMUSEMENT PARK CAMP

Grades 2-6

[June 8-12, 2020](#) | [July 27-31, 2020](#)

Zoom classes available at one of the following times: 9-10:30 a.m. | 11 a.m.-12:30 p.m. | 1-2:30 p.m.

Design a rollercoaster and become an amusement park engineer. Campers examine the physics of carnival rides and create your own game for the Midway - it's science for the carnival crowd.

\$100 Members | \$125 Non-members

CALLING ALL FUTURE SCIENTISTS

Grades 2-6

[June 15-19, 2020](#) | [July 13-17, 2020](#)

Zoom classes available at one of the following times: 9-10:30 a.m. | 11 a.m.-12:30 p.m. | 1-2:30 p.m.

What does a scientist do all day? A chemist works in a lab, but what about a helicopter engineer, a miner, or someone in cybersecurity? Join us as we try out different STEM jobs and follow in the footsteps of science experts.

\$100 Members | \$125 Non-members

SURVIVING IN SPACE

Grades 2-6

June 22-26, 2020 | July 20-24, 2020
