

## Teen Commitment Form 2021-2022

Members of the Arizona Science Center Teen Advisory Board work collaboratively with Arizona Science Center staff to develop, test, and implement content, programs, and special events targeted to teens. This is important work as the Center is uniquely positioned to help inspire teens to engage in science, and perhaps even consider a STEM-related career. Members gain experience serving on the board of a leading cultural institution, and will have a real impact on the Center’s strategies and tactics to reach this important audience. The Teen Advisory Board is a yearlong commitment, beginning in July. Full Board meetings occur on either the 2nd or the 3rd Saturday of each month, with sub-committee meetings taking place as needed.

### Time Commitment

Full Board meetings will occur monthly beginning July 2021. However, sub-committee meetings will occur as needed based on event planning schedules.
