

TEEN INTERNSHIP

SUMMER OPPORTUNITY

Are you a teen who enjoys working with kids and learning science? Summer 2022 CAMP INNOVATION at Arizona Science Center wants your help! Teen Interns work directly with first grade through middle school campers and our lead instructors to provide a unique, memorable camp experience. Teen Interns also assist with set-up and clean-up of camp classrooms and help chaperone lunch and snack times for campers. Interns will gain experience in informal education, working on a team, delivering science programming to children, and events coordination.

Requirements:

- Be between 15–19 years old by May 1, 2022.
- Commit to at least two (2) weeks of week-long camp with regular shifts (30-40 hours per week). Camps run June 6—July 29, 2022. Shift choices are:
 - ALL-DAY: 8:00 a.m.-4:00 p.m.
 - MORNING: 7:30 a.m.-2:30 p.m.
 - AFTERNOON: 11:00 a.m.-5:00 p.m.
- Complete the online application by May 1, 2022. The application includes a 100-word statement of intent, which you can copy and paste into the online form.
- Attend a pre-camp Orientation (9:00 a.m. — 3:00 p.m.).
- Each week that you work as part of the Teen Internship Program, you will be required to lead one activity (with a small group or whole group) under the supervision of a camp instructor and fill out a reflection form.

Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

If you have any questions, call 602.716.2000 Ext. 242 or email camps@azscience.org
