

FROM CLASSROOM TO CLEAN ROOM

EDUCATOR PROFESSIONAL DEVELOPMENT DAY

PRESENTED BY SEMI FOUNDATION & ARIZONA SCIENCE CENTER

OCTOBER 8, 2025 | 9:00 A.M. – 4:00 P.M.

CREATE AT ARIZONA SCIENCE CENTER®, 105 N. 5TH STREET, PHOENIX, AZ 85004

FREE TO ATTEND REGISTRATION REQUIRED

EXPLORE HOW TODAY'S CLASSROOMS CAN SHAPE TOMORROW'S TECH WORKFORCE

Arizona is becoming a national hub for the booming semiconductor industry, and YOU can help students tap into this high-demand career field. Join us for a FREE, hands-on professional development workshop where you'll gain tools, skills, and real-world context to make STEM and computer science more exciting and relevant than ever.

WHAT YOU'LL EXPERIENCE:

- Hands-on coding with Micro:bits—no experience needed!
- Find out about free resources for your classroom
- Be introduced to online resources such as Curriculum and classroom projects
- Learn how to conduct various industry projects at no or low cost
- Meet people who are in the industry and connect with them

Please Note: All participants must bring a laptop with a USB port to program their Micro:bit device.

WORKSHOP BENEFITS:

- Gain access to the semiconductor trade show (\$400 value) at no cost. Visit booths and meet people in the industry from companies such as TSMC, Intel and others.
- Free parking for all registered participants
- Gain knowledge about the industry from people in the industry. Semi Foundation, Hitachi, NXP, Spark Photonics, SCOP, and others.
- 6 hours of continuing education credits
- Free breakfast & lunch provided
- Networking opportunities with educators and industry professionals
